## SUMMARY

I am a dedicated Final Year Software Engineering student at Karachi University UBIT with a strong foundation in web development and a passion for building innovative applications. My technical expertise spans HTML, CSS, JavaScript/TypeScript, Tailwind CSS, React.js, Next.js, Python, and OpenAI, with basic proficiency in Docker. I have successfully developed projects like PhotoApp, a photo editing application that enhances, colorizes, and cartoonizes images in seconds using Next.js and Next Cloudinary, as well as a Music Academy platform. I am eager to leverage my skills in a dynamic environment to create impactful software solutions.
